CARE MANAGEMENT

Conveniently located in New Canaan, Connecticut, **Waveny LifeCare Network** provides a continuum of world-class care to serve older adults from all areas. Committed to meeting the varied needs and changing preferences of seniors and their families, Waveny offers an array of eldercare options ranging from residential choices to outpatient programs, and home-based services. Like a river, Waveny's continuum of person-centered care flows fluidly within a single nonprofit organization, without any expensive buy-in fees or long-term commitments.

Gracious Independent Living

Just a stone's throw from New Canaan's vibrant town center, **The Inn** offers independent living in a charming retirement community. Wonderful benefits and amenities are included in a monthly rental fee.

Assisted Living for Memory & Dementia Care

Featuring its award-winning indoor "Main Street" replica of a quaint New England town, **The Village** is specifically designed to provide therapeutic benefits for memory impaired seniors, and serves as a benchmark of excellence worldwide. A licensed nurse and certified nursing assistants are always on-site, dedicated to making each day a special one. The Village also welcomes respite guests for short-term stays lasting a week or longer.

Skilled Nursing at its Best

5-star rated and repeatedly named among the nation's top nursing homes, **Waveny Care Center** is a skilled nursing and rehabilitation facility that offers both short- and long-term care. Since 1975, the Care

Center has provided quality care with a person-centered philosophy and a highly experienced, compassionate staff. Inpatient and outpatient rehabilitation services feature expert therapists and state-of-the-art techniques.

In Good Company, Five Days a Week

Waveny's **Adult Day Program** provides daytime caregiver relief, meaningful camaraderie for seniors, and free door-to-door transportation throughout most of lower Fairfield County. Our medical model program is designed to enhance the quality of life for older adults in the community who may require personal care and assistance, medical monitoring, medication administration, or more social interaction throughout the day.

On-site Outpatient Programs

Whether following an inpatient stay or aiding in the recovery from an injury, illness or medical condition, Waveny's **Outpatient Rehabilitation Services** are available to everyone. In addition to core physical, occupational and speech therapies, we provide therapeutic massage, nutritional counseling and more.

On an outpatient basis, the **Brown Geriatric Evaluation Clinic** addresses common – but often complex – medical issues in older adults, especially memory loss and dementia. Our expert team provides patients and families with individualized needs assessments, baseline evaluations and ongoing management to help optimize everyone's quality of life.

Home Care from a Trusted Team

Waveny Home Healthcare and **Waveny at Home** bring the expertise, quality and local resources of a community-based healthcare system into the home. If you live in Fairfield County, Waveny's visiting therapists, nurses, home health aides, CNAs, companions and even live-in aides can come to you. Our trusted team makes rehabilitation at home, and staying at home for the long term, a realistic choice. It's compassionate personal care with no need to travel.
